I am not free while any woman is unfree, even when her shackles are very different from my own. And I am not free as long as one person of color remains chained.
 ~Audre Lorde, *The Uses of Anger: Women Responding to Racism* (essay)

From the Desk of the Library Director

Welcome Back!

We are so happy to have people back in the building! On June 15 the library opened its doors to patrons for the first time since March. While there are some limitations, we are offering open stacks for browsing the collection, copy and fax services, Notary services, curbside service, online programing, free Wi-Fi, and computer access.

In July we will be restarting our first in-person programs with a new Tai Chi program that will be outside, in front of the library. We are also happy to offer more computers for the public to use starting on June 29. We will have 12 computers available to the public and we will have our two study rooms available for studying and WiFi.

We are continuing to require masks to be worn while you are in the building and we still have limited seating and hours.

From the Desk of the Youth Services Director

The library is open!

We are so excited to see families again! Unfortunately, we can't go back to business as usual. Still, we are dedicated to providing quality services during these unusual times. While we now allow 30 people in the building at a time, we are keeping the **Children's Room to an 8 person limit**. We may not have in-person programs, but we've enjoyed interacting with you through our virtual programs on Zoom, Facebook, and YouTube. We hope you are enjoying our Community Quest, which has replaced our usual Summer Reading program. This new program offers activities and challenges that you can do while social distancing within our community. There is still time to register, pick up, or download the program materials if you haven't already.

We encourage feedback on our services and programming so that we can better meet your needs. COVID-19 has created new limits to what we can safely offer, but we will do our best to overcome these new challenges.

2020 Reading Challenge

Join us again, as we challenge ourselves to not only read more, but read better. Reading Challenges push us to read books outside of our comfort zones. That often means reading genres we usually overlook; like classics, non-fiction or even fantasy, despite a preference for contemporary fiction. We chose 12 tasks designed to expand and diversify your reading in all sorts of ways to be completed over the course of a calendar year.

Each month we will announce a new task and help you with suggested titles. Once you've read your book, submit an entry on our website. Complete all 12 and receive a thank you gift from us.

This month's task is: **A Debut Novel**

FRIEND YOUR LIBRARY

Friends of the Library

In an effort to curb the potential spread of the novel coronavirus (COVID-19), the library is canceling the annual book sale usually held in August. The Silent Auction, that would have been held this December, will be postponed until December 2021.

Who? Our friends are volunteers who share a common belief that the library is important to the intellectual and cultural growth of the community.

What? The members of this non-profit organization work to increase public awareness of all library services and assist in bringing funds to the library for special needs. With fun events like Holiday Tree Auction, the Friends of the Library are always looking for new ideas and programs to support the library.

When? The Friends of the Library meet on the second Wednesday of each month in the Community Room.

Become a member by picking up an application, which are available at the Help Desk. For more information contact us at: friends@glencarbonlibrary.org
