

Creating world-class library services & programs.

Imagine a place in the community
that is open to everyone –
young and old, rich and poor.

Imagine this place as a gateway
to knowledge – for business,
for education, for pleasure.

Such a place exists. It is your library.

GLEN CARBON CENTENNIAL LIBRARY

Voted the
Best Small Library
in America

2010

HELP GROW MINDS!

A GUIDE TO GIVING

HELP GROW MINDS! HELP GROW YOUR COMMUNITY!

With the opening of our new Glen Carbon Centennial Library facility in 2004, we have been able to enjoy a wonderful-inviting space with areas for all interests. The continuation of access to this amazing facility and its programs depends on a unique financial partnership between local and state funding and private donors. Thanks to the generous commitment of dedicated friends, the library can continue to provide books, information, research, educational programming, and so much more to our community.

Your gift to the library provides funds to continue our important mission that wouldn't otherwise be possible. This means an outstanding collection of books and materials. The technology and tools to access a world of information. And more diverse programs for children, teens, adults, and people with special needs.

Funding Focus Areas

There are many different areas where continued support is needed:

- **Summer Reading Program**
- **Special Programming**
- **Computer Workstations**
- **Homebound Delivery**
- **Computer Classes**
- **Access to Full-Text Data Bases**
- **Reading Garden**

Yes, I want to Help Grow Minds!

Name _____

Address _____

City _____

State _____ Zip Code _____

Telephone Number _____
